

DRESS CODE- MANDATORY UNIFORM DRESS POLICY

Our uniform dress policy is designed to support the Standards of our school, fostering respect for self, respect toward others, and respect for the teaching-learning process. Recognizing the intent and spirit of this policy, parents and students committed to Christian Education here at St. Paul's gladly recognize the spirit of this policy. A choice to demonstrate a look that would pose contrary to such standards would warrant a dialogue that encourages the need to follow our policy. This may include a contact from the classroom teacher by phone and/or email or a contact from administration to parents after warnings to the child.

In order to accommodate varying economic and shopping concerns that may arise, you may purchase your child's uniform clothing from any vendor, provided that the clothing conforms to the policy detailed in this handbook. However, the school has purchasing programs set up with Lands End, Schoolbelles and Markfore. Lands End and Schoolbelles catalogs and Markfore order sheets are available at the school office. These purchases may be the easiest way to assure you are buying uniform dress clothes that match our specific policy.

Purchases of uniform dress clothing are best made at the following stores: Sears, Target, Kmart, Lands End, Meijer and Kohl's. Any "Dockers" style can be used as long as no label or logo is visible. It is encouraged to remove any sewn on label from uniform dress pants.

UNIFORM RESALE

Many of our families donate clothes to the school as part of our uniform resale program. Guaranteed to follow uniform dress standards, these items are available at "rummage sale prices" at registration and also throughout the year. Check in the school office to view the available clothing.
